'In order to create a 'fresh, healthy, and convenient' rich food culture, we opened the pre-processing and food processing center in Iksan, Jeollabuk-do, in December 2016 to produce food that can be purchased with confidence based on trust and reliability from customers with the best taste and quality. We are proud of the size of our factory, from the processed food line-up, including frozen food, processed fruit products, natural spices, fruit juice, and instant food, to quick freezing and juice line-ups. Products manufactured in **Farmjoa Co., Ltd.** are clean and safe, as it received HACCP certification in March 2017, and was certified as a clean business in November 2017 for the hygienic production environment and quality management system.
