Silkworm cocoon extracted include rich amino acid

angelica root

Korean angelica

Our long-standing worries about hair are made of **Jiam Deep-rooted shampoo** that is nourishing and absorbent, helping to make hair roots strong and healthy.

# “ Questions for healthy hair ”

Why is my hair so thin and weak?

Do others lose a handful of hair every time they wash their hair?

Why is it so dry even with the essence?

Why does it get greasy every day even after washing my hair?

Why are there rashes on my scalp?

What do I do about the splitting hair?

Why is my scalp so itchy?

Is there a solution?

- **Healthy roots will result in thicker hair .**

Steady nourishment will reinvent hair follicles that grew only thin hair

- **Healthy roots don't fall well.**

Hair with healthy roots settles well  
in the hair follicles and does not fall out easily.

- **Our oriental medicine holds up the dry hair.**

Crumbly hair should avoid strong light and wind  
and should be provided with high nutritional  
ingredients to the scalp and hair continuously.

- **Even after washing your hair every day,  
your oily hair will secrete too much fat  
into your scalp.**

Consider eating, avoiding greasy food,  
and keep your scalp clean by shampooing daily

- **Rashes and itchy scalp occur because  
the skin is sensitive.**

Avoid chemical shampoos and using shampoos  
with high nutrients and effective detergency is  
highly recommended

“

Experience a rich,  
luxurious herbal shampoo  
 that will soften your hair  
 with natural foam  
without the conditioner.

”

## How to use ...

1

Apply enough water to your head.

2

Take an appropriate amount of shampoo and massage with lukewarm water.

3

Take another appropriate amount your scalp with abundant foam.

4

Don't rinse right away and let the 15 different herbal ingredients of the Jiam Deep-rooted shampoo affect your scalp for 3minutes.

5

Rinse thoroughly with lukewarm water and dry without conditioner.

Jiam Deed-rooted shampoo is Jiam Bio's pride to be complimented by those who have used our product.
