Oki Co., Ltd.(WHA'YUNSUL)Introduction

- ◆ Oki Co., Ltd. has over 10 years of experience and was established as a corporation in 2017, manufacturing clothing and selling online through B2B and B2C channels.
- ◆ We also operate the cosmetics brand [WHA'YUNSUL] alongside women's clothing.
- ◆ [WHA'YUNSUL] offers a signature skincare line that combines plant extracts and functional ingredients derived from nature to provide the best solution for the skin, as well as the PDRN line containing salmon DNA for powerful anti-aging and lifting effects, and the ACNE line focusing on addressing various skin concerns such as skin troubles and regeneration.
- ◆ [WHA'YUNSUL] skincare products are developed with whitening and skin protection functions to create skin as white and healthy as snow.
- ◆ We consistently release a variety of cosmetics such as makeup products like primer, cushion foundation, loose powder, as well as hair loss prevention shampoo, body cleanser, hand cream, etc.
- ◆ We operate our own brand shopping mall websites MYSEASON (myseasonis.co.kr) and WHAYUNSUL (whayunsul.com). Our products can also be found in various retail stores.
- ◆ [WHAYUNSUL] is always researching the best solutions for clean and healthy skin.

Product description

WHA' YUNSUL PDRN REVIVE EYE CREAM (30g)

[Can be used on eyes, entire face, and neck]

- ◆PDRN (Salmon DNA Extract) ampoule is a key ingredient used as a new skin regeneration therapy.
- ◆Contains 'Adenosine' and 'Niacinamide' for whitening, skin regeneration, and nutrition supply.
- ◆Natural plant-based collagen ingredients provide skin elasticity and regeneration effects.
- ◆Improves skin troubles (acne/spots/atopic dermatitis) through the waste removal effect of Bentonite ingredient.
- ◆Skin elasticity and regeneration effects due to 'PDRN (Salmon DNA)' similar to human DNA structure.

★★★Made in korea★★★

Product description

WHA' YUNSUL PDRN REVIVE ILLUMINATE AMPOULE (30ml)

[Whitening and Wrinkle-Improving Functional Cosmetics]

- ◆ PDRN (Salmon DNA extract) ampoule is short for Polydeoxyribonucleotide, a key ingredient used as a new skin regeneration therapy.
- ◆ The ampoule contains nucleic acid components that aid in skin repair, providing strong regenerative effects.
- ◆ It offers skin whitening, wrinkle improvement, skin regeneration, and elasticity enhancement effects.
- ◆ PDRN ampoule promotes cell regeneration within the skin, increases collagen production, and accelerates the skin regeneration process to help improve skin tone and increase elasticity.
- ◆ Achieves skin elasticity and regenerative effects through natural plant-based collagen components.
- ◆ Made with low molecular weight effective ingredients for excellent skin absorption.
- ◆ It moisturizes the skin deeply without stickiness, leaving a smooth finish..

Product description

WHA' YUNSUL NANO MELTING COLLAGEN EYE PATCH

[Collagen production, wrinkle improvement, whitening]

- ◆ Nano-sized ingredients penetrate through the intercellular spaces, providing moisture to the stratum corneum and epidermal layers.
- ◆ They assist in strengthening and densifying collagen in the dermal layer.
- ◆ By enhancing the role of fibroblasts within the extracellular matrix structure of cells, they help create a healthy cellular environment.
- ◆ Through the delivery of nano-cites (nano-collagen) to the dermal layer, collagen production and wrinkle improvement are promoted.
- ◆ After applying an ampoule or toner, remove the protective film of the nano-patch and apply it to the eye area.

★★★Made in Korea★★★

Product description

WHA'YUNSUL Silky and Velvet Cushion (15g)

- ◆ This innovative product is a compact foundation that is portable, quick, and provides even coverage to the skin tone.
- ◆ It has a moisturizing yet matte finish, ensuring comfort and preventing makeup from easily smudging.
- ◆ It adheres perfectly to the skin, creating a smooth and flawless complexion without any creasing or cracking.
- ◆ It seamlessly blends into any skin type, creating a radiant and even skin tone.
- ◆ It is resistant to sweat, water, and sebum, ensuring long-lasting makeup.
- ◆ It allows for easy touch-ups without getting on your hands and is highly portable.

★★★Made in Korea★★★

Product description

WHA'YUNSOUL SkinFit Velvet Loose Powder (20g)

- ◆ This powder helps control excess oil and creates a smooth, porcelain-like skin texture.
- ◆ When applied to the T-zone and other areas during the final step of makeup, it helps maintain long-lasting makeup and gives a subtle, luxurious skin finish.
- ◆ The micro-particle powder allows for a clean and velvety skin texture without clumping or caking.
- ◆ Despite its matte finish, it doesn't dry out the skin, leaving it lightweight and comfortable.
- ◆ Each powder particle is coated with a technology that prevents it from easily being removed by sebum, sweat, and other moisture.

★★★★Made in korea★★★★

Product description

WHA'YUNSUL SILKY BASE PRIMER (30g)

- ◆ This is a base makeup product that gives the skin a smooth and silky finish.
- ◆ It keeps the skin moisturized and provides a matte finish.
- ◆ It has excellent spreadability and adheres thinly to cover pores.
- ◆ It helps create a subtle and luxurious glow.
- ◆ It balances the moisture and oil levels to enhance the longevity of makeup.
- ◆ It is a product that can cover various skin concerns such as pores, fine lines, and wrinkles, creating a smooth porcelain-like skin.
- ◆ It comes in a tube packaging, allowing for hygienic use and easy portability.
