## Brain Signal (Plasmalogens)

### Don't Forget, Brain Health is My Health

- First in Korea, containing more than 1% high-purity plasmalogen extracted from scallops
  - Contains phosphatidylserine to help improve cognitive function, which declines with aging
  - Includes ginkgo leaf extract for improving blood circulation
  - Uses plant-based capsules for easy digestion and absorption
  - Contains 5 carefully selected supplementary ingredients
- ❖ **Advantages / Features of Plasmalogen**
- The brain is composed of 65% lipids, of which 50% is phospholipids, and 20% of those phospholipids are plasmalogen
  - Plasmalogen decreases with age (approximately 40% reduction after the age of 65)
  - Scallop-extracted plasmalogen contains a large amount of DHA and has a structure similar to the brain

**450mg x 30 capsules (27g)**
