Selection: MAYSSOM ECO SOAP

Skin Type : Dry · Flaky · Troubled · Oily Skin Irritation : Very Satisfied Moisture Level : Feels Hydrated Cleansing Power : Very Satisfied

I originally bought this not just for myself, but for my child. I remembered using it as a hand cleanser during a past event and found it to be very gentle. Since I heard it can also be used as a foam cleanser, I decided to order it again for my teenager's skin. Looking forward to the results!"

MAYSSOM ECO SOAP 60ml: 1 piece

Skin Irritation : Very Satisfied Moisture Level : Feels Hydrated Cleansing Power : Very Satisfied

One-Month Usage

"Even though many public restrooms may look clean and modern from the outside, you'll often find there's no soap inside. With this product in your bag, you'll never have to worry again!"

★★★★★ 5

MAYSSOM ECO SOAP 60ml: 1 piece

Skin Irritation : Very Satisfied. Moisture Level : Feels Hydrated Cleansing Power : Very Satisfied

"A while ago, I borrowed this product from a friend and was amazed—I never knew there was a soap that comes in a squeeze tube. It was a completely new experience for me! Since older public restrooms often don't have soap, this tube-type product felt like the perfect solution. It's convenient to carry, easy to use, and simply the best. That's why I bought it without hesitation!"

Selection: MAYSSOM ECO SOAP

Skin Irritation : Very Satisfied Moisture Level : Feels Hydrated Cleansing Power : Very Satisfied

"I happened to try this soap by chance, and even for someone in their 50s who usually feels tightness after cleansing, it left my skin feeling moisturized and comfortable—so I decided to buy it. I ordered 5 soaps during the 5+2 event, but 2 were missing. After I contacted cs, the company sent the remaining 2 the very next day along with a handwritten note and even included a softener. Thank you for the quick response—I'll be using them well!"

Selection: MAYSSOM ECO SOAP

Skin Type : Oily · Acne-Prone Skin Irritation : Very Satisfied Moisture Level : Feels Hydrated Cleansing Power : Very Satisfied

One-Month Usage

"I bought this for my daughter because of her acne, and she really likes it."

Quality Management

We use ingredients that are even safer than those applied to our skin and carry out strict safety and quality control.

RECOMMENDED SITUATION

① Don't leave sensitive, troubled skin untreated!

② "Mom, it's itchy!" Worried about atopic skin?

③ One product is enough for cleansing, even when camping or traveling with lots of luggage.

④ Compact tube fits easily into any small bag.

EWG All Green Grade

What is the EWG Green Grade?

The Environmental Working Group (EWG), a non-profit organization in the United States, evaluates cosmetic ingredients by analyzing available research data on their potential hazards. Based on this data, EWG classifies ingredient safety into 10 levels, known as the EWG rating. The Green Grade represents the safest level. Cosmetic ingredients are evaluated for safety and rated on a scale of 1 to 10. The lower the number, the safer the ingredient.

Houttuynia Cordata,
Licorice, Portulaca Oleracea

Myristic Acid

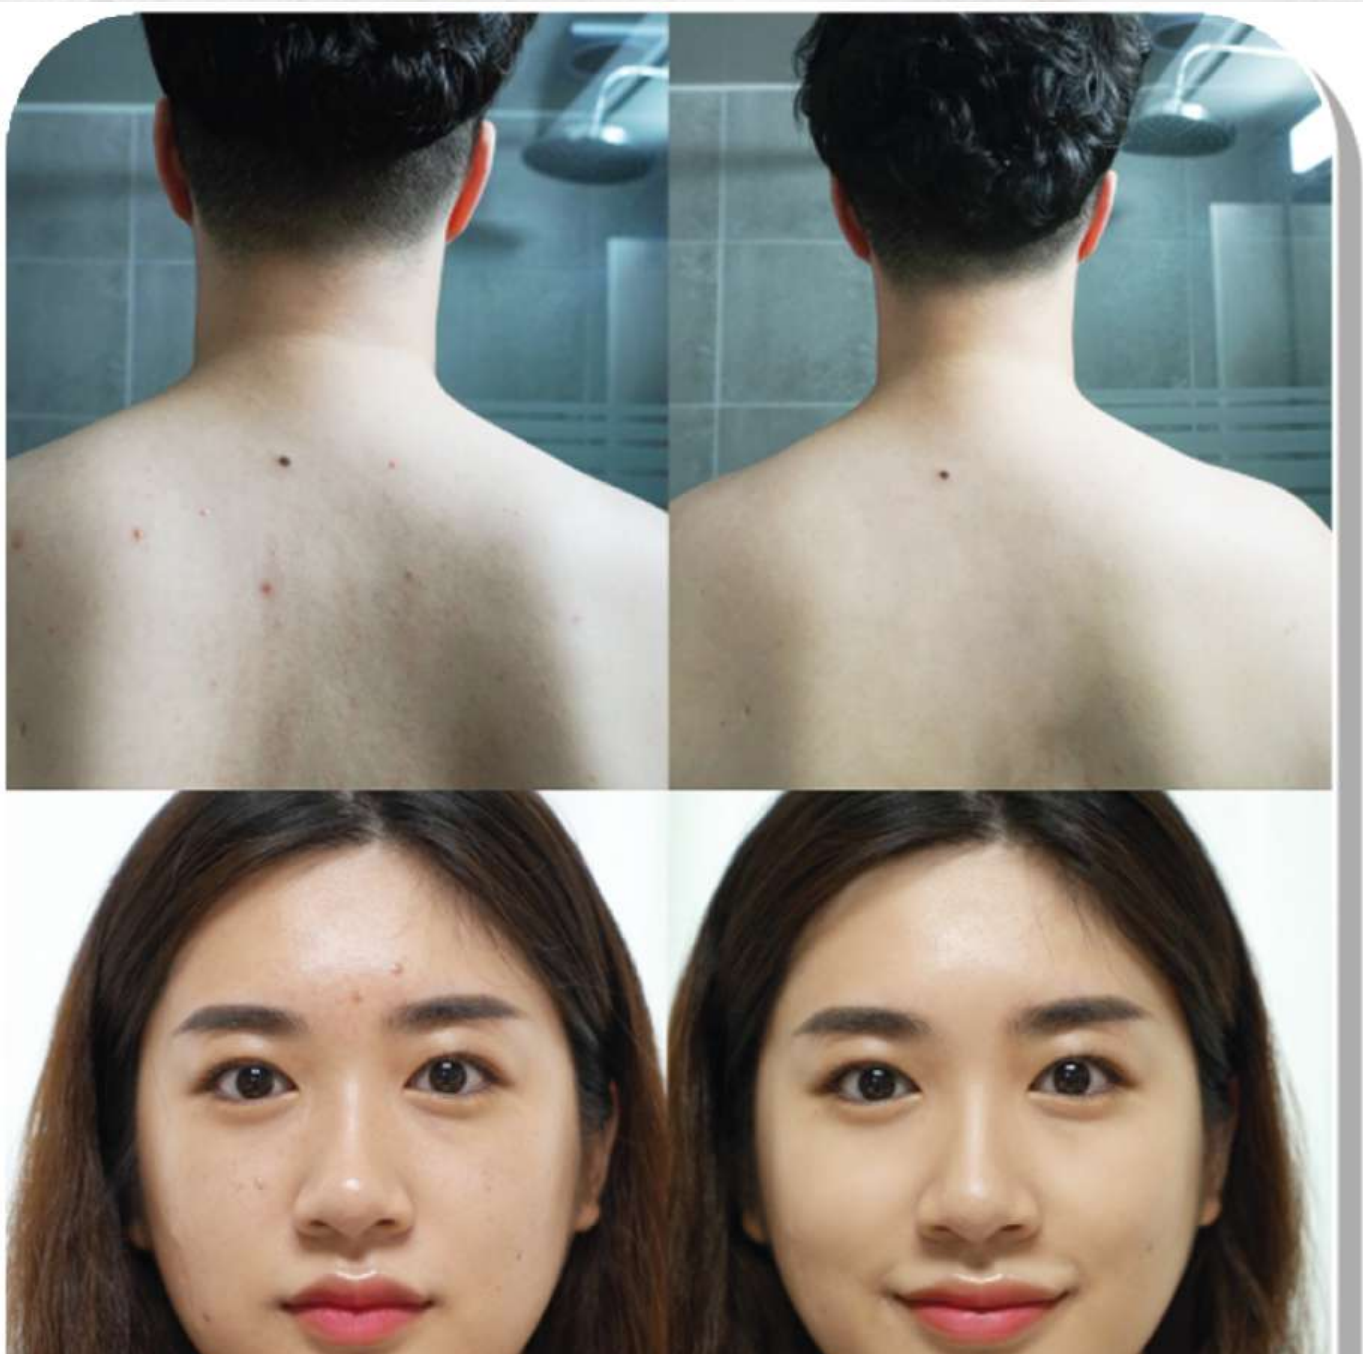

Allantoin

“

Struggling with Severe Skin Troubles?

Oily skin that overproduces sebum or sweat is prone to breakouts. In addition, fine dust and bacteria can worsen skin problems, making thorough cleansing essential to keep your skin clean and healthy.

”

“

To help prevent these issues, we enhanced the formula with higher concentrations of *Houttuynia Cordata* and *Centella Asiatica*, known to calm irritation, improve troubled skin, and support skin regeneration. Made with naturally derived surfactants, this cleansing soap is gentle, non-irritating, and safe for daily use.

”

POINT 2

A Highly Versatile All-in-One Cleansing Soap

All-in-One | Hygienic | Practical

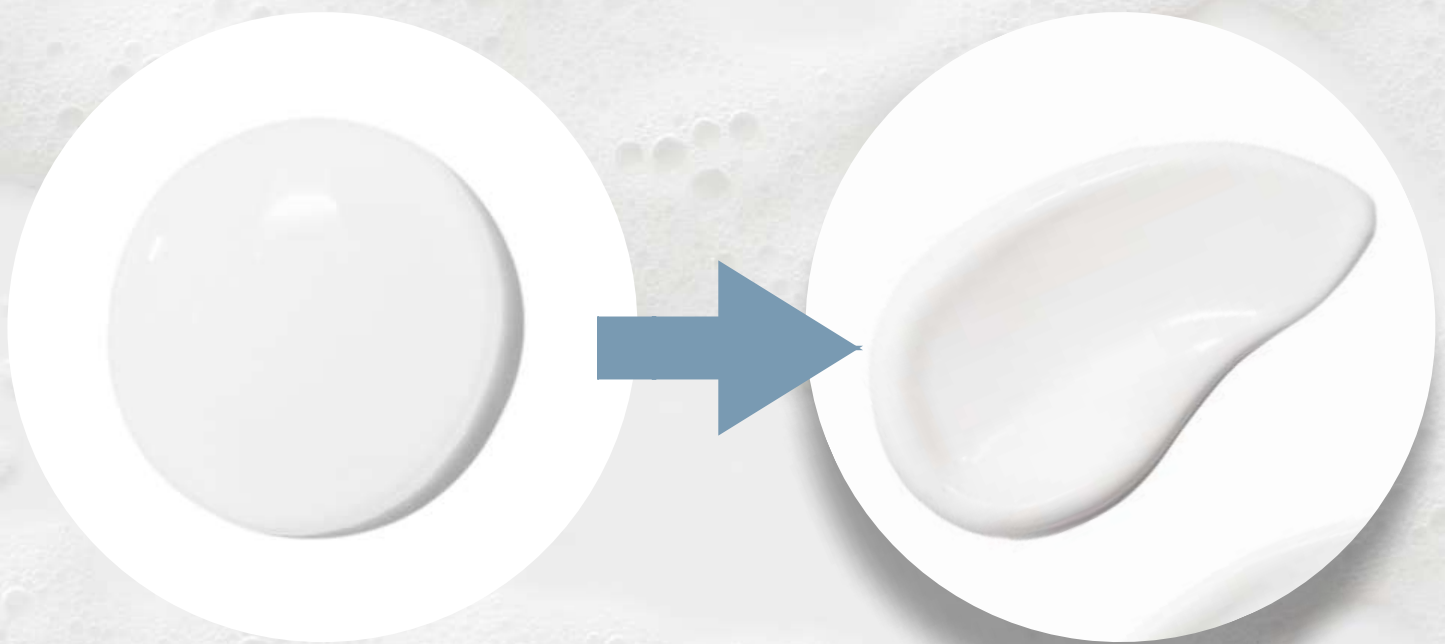

Say goodbye to heavy cleansing pouches!

POINT 3

**MAYSSOM has listened to
your feedback~and our
product has improved!**

The texture has been upgraded from
a clear gel to a smooth cream type.

To boost hydration, we added
Camellia Flower Extract, a naturally
derived ingredient.

“

For skin protection, we use natural surfactants.

This means the foam may be less,

but the cleansing power is strong and reliable.

Enriched with moisturizing and soothing ingredients,
it is suitable for dry, oily, and sensitive skin types alike.

”
