# About Company

---

Dalmda Food is a specialized brand that resembles nature.

We make fresh agricultural products, marine products, forest products, etc. from the raw materials to the raw materials.

Dalmda Food started with an interest in consumers' preparation of ingredients, storage of ingredients, and disposal of ingredients.

We save consumers' time in their busy daily lives, are easy to store, and pursue the realization of social values (food waste, agricultural coexistence\_food issues) in a simple and healthy way.

We are expanding from B2C to B2B and public markets, and are also conducting export business. Currently exporting to 12 countries (China, Canada, Malaysia, Singapore, South Africa, USA, New Zealand, Germany, India, Indonesia, Vietnam, Taiwan)

We will create products and values only for consumers, by consumers, from the consumers' perspective.
