# Scientific Inspection of Bamboo Salt

INSAN Bamboo Salt INC., Head Family of bamboo salt for 160 years, 4 generations

## Antioxidation Power of Bamboo Salt

Observe the change after putting rusty nails respectively into 10% liquid of reproduced salt, solar salt, distilled water and ninth bamboo salt.

Immersed nails in reproduced salt, solar salt and distilled water were rusted severely but one in ninth bamboo salt was converted to black by mineral with anion and maintained as it is.

# Scientific Inspection of Bamboo Salt

INSAN Bamboo Salt INC., Head Family of bamboo salt for 160 years, 4 generations

## Experiment removing chlorine from bamboo salt

Experiment of removing chlorine in tap water by bamboo salt

Pour 150ml of tap water

Put indicator Toluidine in.

Changed into yellowish brown by reaction with chlorine in tap water.

Put 1g of each refined salt, solar salt and ninth bamboo salt.

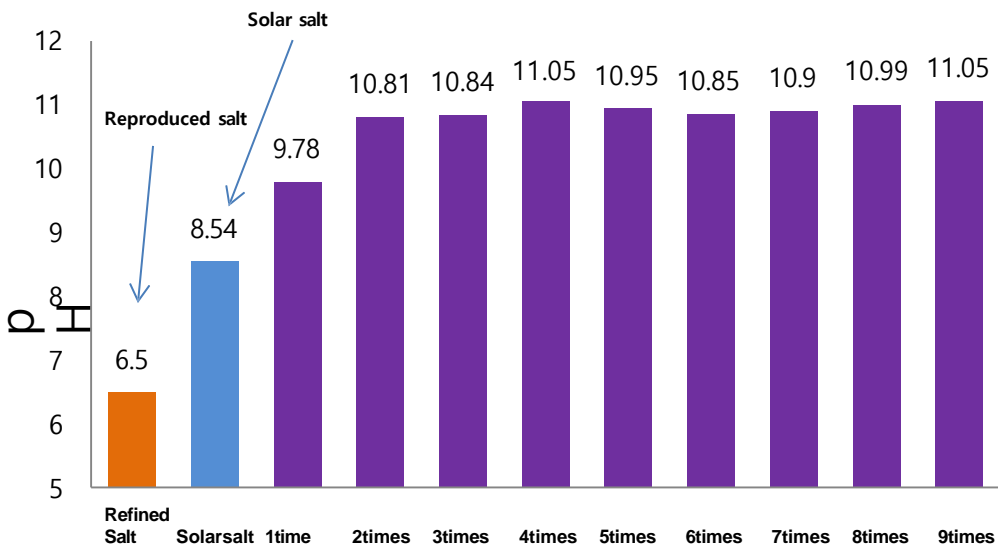

Being possible to find chlorine removed by reducing power of bamboo salt in one minute.

# Scientific Inspection of Bamboo Salt

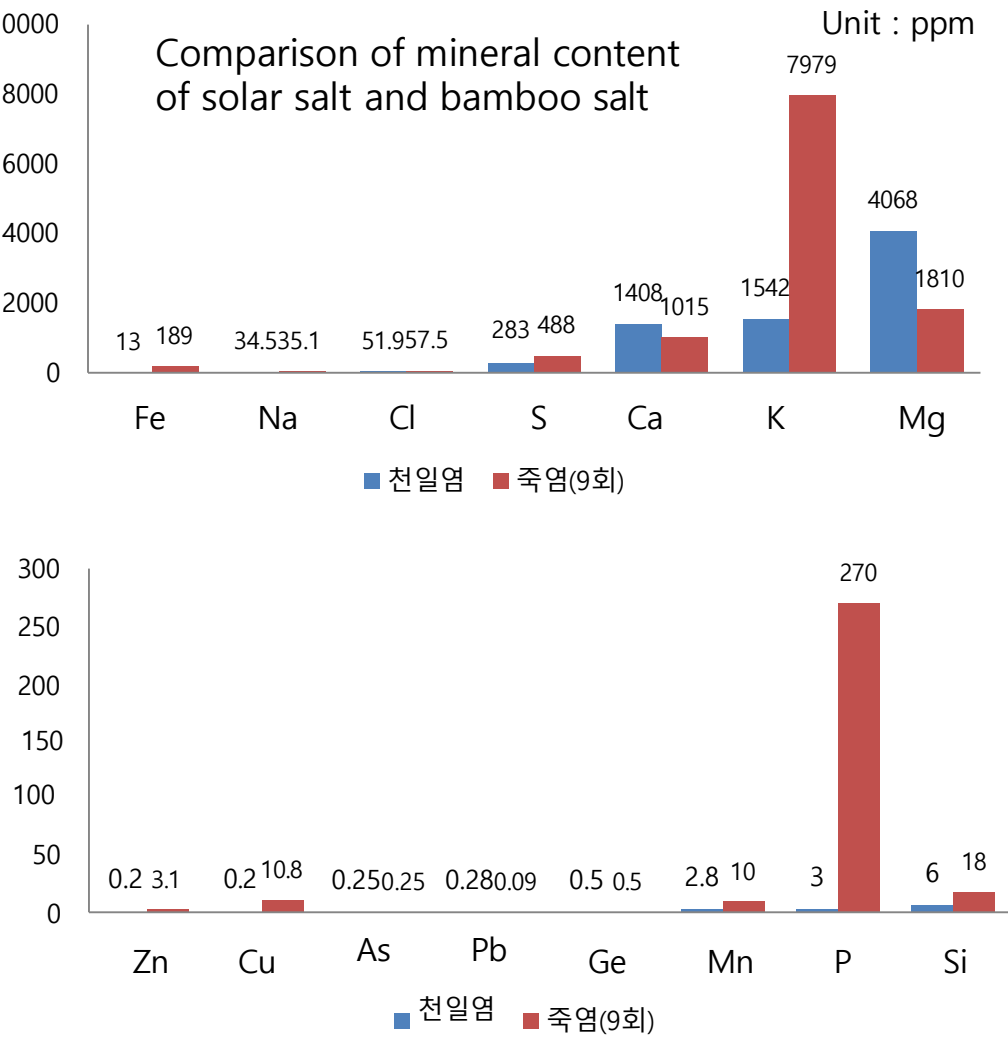

INSAN Bamboo Salt INC., Head Family of bamboo salt for 160 years, 4 generations

pH of Bamboo Salt

9 times bamboo salt is excellent alkali food with 11.05 of pH.

Solar salt contains various mineral matters including calcium, magnesium, ferrum, manganese, phosphorus, sulfur and if it is processed by bamboo salt, contents of those mineral matters must be changed. Contents of sodium, potassium, chlorine, calcium, magnesium, ferrum, manganese, phosphorus, sulfur and zinc are increased and zinc among them would be largely increased. It shows that bamboo salt contains many mineral matters which would be called as multi-mineral.

# Scientific Inspection of Bamboo Salt

INSAN Bamboo Salt INC., Head Family of bamboo salt for 160 years, 4 generations

■ Anti-cancer effect of bamboo salt

It is certified that extract of Gimchi made with bamboo salt can kill cancer cells or stop growth of cell.

BaekOO January 5, 2012 Female 5 years old: **Stage 3 brain tumor (30% survival rate, 5cm tumor)**

The patient came to INSAN MEDICAL because of anxiety that the remaining tumors may recur after tumor resection. **Cured with Bamboo salt Chalcantite and Sulfur-Duck Soup**

Opening a new path to herbal cancer treatment with 100% natural substances!

Jong-yeol Kim January 18, 2014: Male, 78 years old, **liver cancer, diabetes, paralysis** it was judged that there was **no possibility of treatment with chemotherapy drugs, and did not perform surgery, chemotherapy, and radiation**, and visited INSAN MEDICAL. **Cured with Bamboo salt Chalcantite and Sulfur-Duck Soup**

Kim OO July 30, 2013 Female, 20 years old, at the time of visit: Feet, calves, and thighs, **severe skin disease, atopy, eczema**, symptoms continue to worsen even after taking skin medications. **Cured with Bamboo salt Chalcantite and Sulfur-Duck Soup**

# MIRACLE CAPSULE

'MIRACLE CAPSULE' is not medicine, it is food.

- Product name : MIRACLE CAPSULE
- 36g (600mg\*30 Capsule)
- Immune function, Cell protection
- 9 times bamboo salt, Copper (copper sulphate), Zinc Health functional food
- A food product developed by INSAN Bamboo Salt INC., that is famous for oriental medicine with a history of 5 generations, 150 years

## MIRACLE CAPSULE

Mrs. Song: "To Mrs. Euna Choi  
How have you been?

I have some good news today.

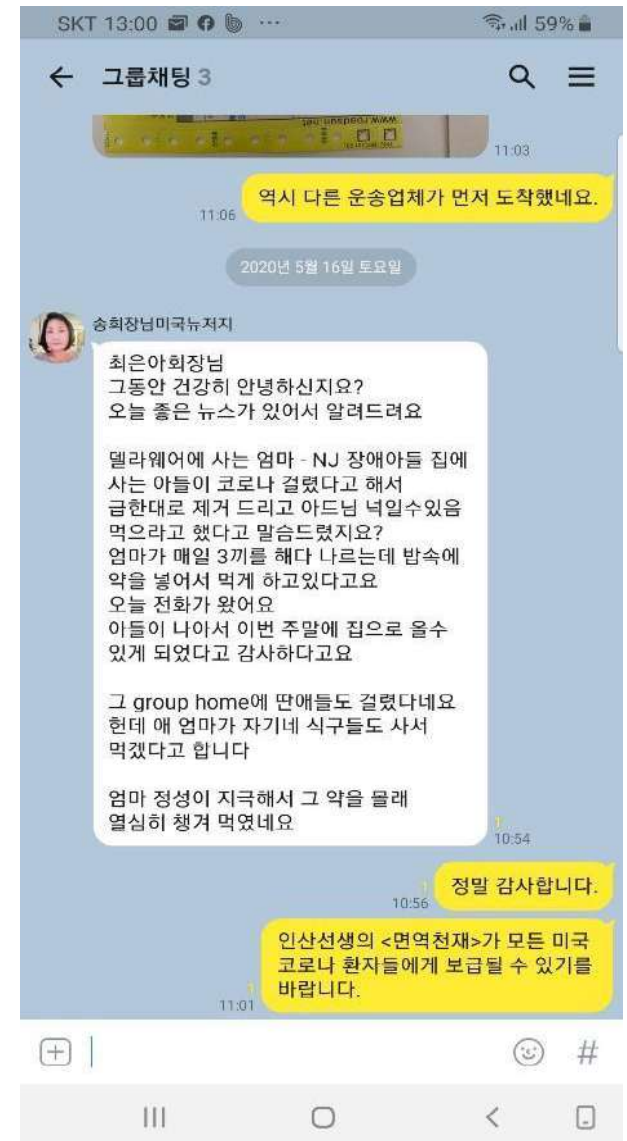

The son who had been quarantined in a Group home in New Jersey as he was a Coronavirus confirmed patient was able to return home after having cured the virus by taking your company's supplement food (MIRACLE CAPSULE).

The son's mother was very devoted to her son that she secretly fed him the supplements. She made three meals per day every day for the son with the supplements (MIRACLE CAPSULE) hidden inside the food and brought them to her son.

The son's mother called me today to tell me this. She also wanted to thank you."

Euna Choi: "Thank you very much. We hope that our <Insan Bamboosalt MIRACLE CAPSULE> will be available to all patients suffering from the Coronavirus in the United States."

This is a screenshot of the conversation between Mrs. Euna Choi and Mrs. Song through Kakaotalk (Korean app for messaging)

## MIRACLE CAPSULE

Mrs. Song: "Mrs. Euna Choi. While the son with Coronavirus was in quarantine, he did not take any medication and was only fed your supplements inside his meals. His mom put one pill inside the food at first and later put two pills per meal.

The nurse at the Group home sent the mother a daily check of the son's body temperature and oxygen levels and after three days of feeding him with the supplements, his fever went down and his oxygen level was almost at normal level."

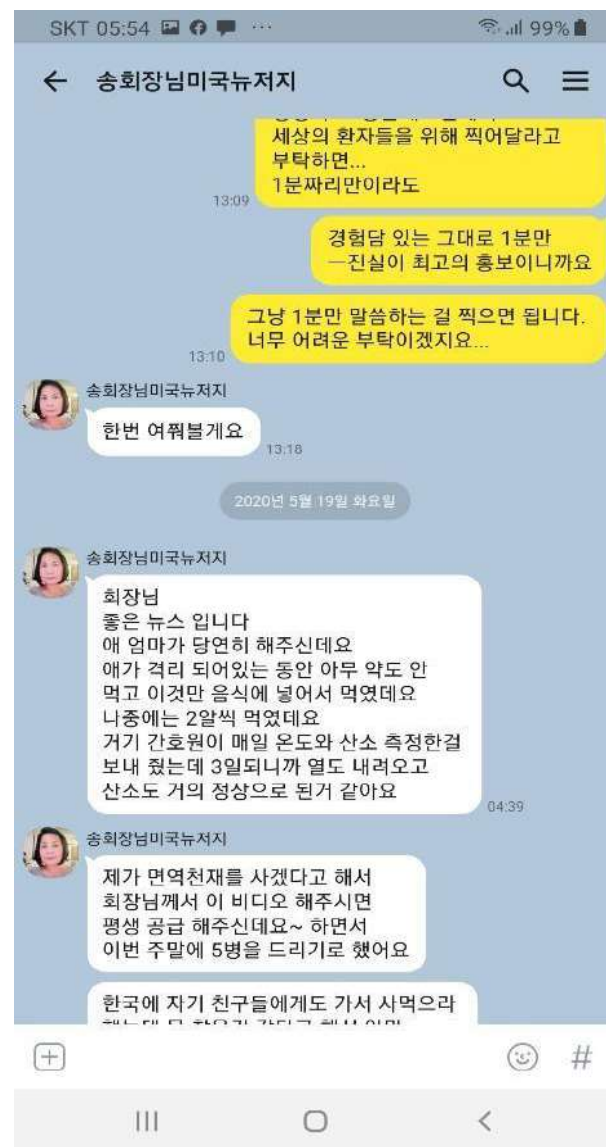

The others at the Group home have all caught the Coronavirus and at that time none of them had been cured, only the son who took your supplements.

Our company's supplement food, <Insan Bamboosalt MIRACLE CAPSULE> has completely cured a Coronavirus (COVID-19) confirmed patient in the U.S.

The son did not receive any treatment or medication from the hospital, but only took our supplement. I predicted that the supplement would show the effect in two to three days and it really did in three days.

The person who recommended this supplement to the patient and the patient's mother showed tears of joy and relief when they heard he had been cured.

This is a screenshot of the conversation between Mrs. Euna Choi and Mrs. Song through Kakaotalk (Korean app for messaging)

## MIRACLE CAPSULE

- How to eat:
- Take one pill after meals. (or two pills)
- You may experience slight fatigue or nausea after taking this immune supplement. It is due to the bamboo salt clearing the stomach linings of impurities and discharging them, similar to salt. Discharging impurities is vital to maintaining your health. People who have gastritis or many stomach impurities report improvement after starting this supplement routine.
- This supplement is recommended to be taken after meal, as it may cause nausea if taken before meal. It may be taken during meal if you still experience nausea after. In the beginning, you are advised to take it after meal and rest at home. There were cases of people who continued hard work outside home after taking it and subsequently vomited. This immune boosting pill is to be taken during rest after meal.
- For children, the pill may be peeled and split into a few parts, so they can take one at a time.
- For those who have severe high blood pressure, they may assess their health status while taking one pill at a time after meal and gradually raise the dose if no issue is observed. This caution is due to the pill containing bamboo salt.
- For those who have a swelling, they may also assess their symptom while taking one pill at a time after meal and gradually raise the dose if no issue is observed.
- This product has been consumed by a variety of people, old and young, men and women, healthy and ill. However, no pregnant women have taken it yet.

**12 days after treatment, at noon on March 2nd, 2021, a miraculous change was observed as the scab fell off, revealing white, hardened skin**

**25 days later on March 14th, a miraculous transformation occurred**

**MIRACLE CAPSULE**

## MIRACLE CAPSULE

- In September 2013, Skin bleeds after taking 2 months. The first month seemed to improve a bit, but after two months, she was afraid and anxious, so she worried to stop the treatment of Sulfur-Duck Soup and Bamboo salt Chalcanthite. While she went to the hospital, even though there was no answer, she persisted in the treatment of Insan medicine. Her skin was so severe that she started taking 5 tablets of Bamboo salt Chalcanthite capsules at once and 15 tablets a day, and her skin started to go down. It was cured by November.

Before treatment (September 30, 2013)

After treatment (January 13, 2014)

# Cases of treatment with MIRACLE CAPSULE: Bamboo salt Chalcanthite(copper sulphate)

## MIRACLE CAPSULE

### 1) Cases of 20 years old female patient with inveterate skin disease

- Visited on July 30, 2013, KimOO 20 years old, blood type O, The feet, calves, and thighs have extreme atopy, skin disease, and eczema. Weak stomach / digestion, but eating less / caught in the mouth thrush when young. / From Daegu / Symptoms worsen from 5 months ago. Even if I took about one and a half months of medicine, it recurred and worsened, and the medicine was stopped. (Sulfur-Duck Soup 1st + 2 bottles of Bamboo salt Chalcanthite capsule)
- Atopic dermatitis eczema gradually occurs after blood donation during her senior year summer vacation in 2012, The college entrance exam failed in 2012 due to a skin disease. After applying ointment and taking medicine, the skin quickly became fine, but over time, it recurred more severely. The skin was destroyed like a bark and then cracked and oozing from underneath. On July 30, 2013, she started treatment of Sulfur-Duck Soup and Bamboo salt Chalcanthite. Applying a combination of bamboo salt and Bamboo salt Chalcanthite, the pain is extreme. Then it drained and itchy. She continued to eat Sulfur-Duck Soup and Bamboo salt Chalcanthite. Applied Bamboo salt Chalcanthite also.

## **2) Ankylosing spondylitis, skin disease due to medicinal side effects, 21-year-old male college student treatment case-treated in the United States**

- Ankylosing spondylitis (21-year-old American male university student) (case of treatment at Insan korean traditional clinic )
- American male, 21 years old, AB blood type, 3rd grade , ankylosing spondylitis.
- Took western medicine all the time after the diagnosis on July 11, 2010, with pain and side effects of Western medicine aggravating skin diseases;
- On September 20, 2010 began to take sulfur Duck Soup, bamboo salt egg copper, bamboo salt, bamboo salt sauce 'Sarijang' sauce, quit Western medicine, and healed after 1 year ;
- Bamboo salt egg copper

**MIRACLE CAPSULE**

### **3) Bamboo salt egg copper effect on malignant brain tumor.(5 years old girl)**

#### **'Insan korean traditional clinic' Treatment case**

- Sehyen Bek, 5 years old. Blood type: O Female. Brain tumor (cell tumor) 5cm
- March 2011 Diagnosed with brain tumors After 5 times of anti-cancer surgery, the hospital treatment was suspended while cancer cells still existed.
- Transferred to 'Insan korean traditional clinic' for treatment on January 5th, 2012.
- During 1 year of treatment taking sulfur duck decoction and bamboo salt egg copper capsule.
- In December 2012, the examination results at the Severance Hospital in Seoul showed that the size of the tumor was significantly reduced.

**MIRACLE CAPSULE**

#### **4) Jin OO, Type A Liver Cancer, 16mm**

- Liver cancer was confirmed on January 5, 2015.
- Hepatitis B, liver cirrhosis, and diabetes for 12 years. Strokes caused by 40 years of hemiplegia; bloody feces.
- On January 18th, 2014, started taking sulfur duck soup, bamboo salt garlic pills, and bamboo salt egg copper capsules, instead of surgery and chemotherapy.
- 3 months after following treatment, the hospital check confirmed that the cancer tumor shrank by 4mm.
- By continuing the treatment for 6 months, almost all the cancer cell traces in the body disappeared.
- 1 Year later, the patients is healed

**MIRACLE CAPSULE**

## 5). Crohn's disease and refractory anal abscess (in 19 years old male) discontinued Western medical treatment ('Insan korean traditional clinic' treatment case )

- Yin OO. 19 year old male, type B blood.
- Colitis, anal abscess and serious pus display ,admitted in November 24, 2016.
- In June 2016, Crohn's disease was suspected, and an anal abscesses were treated with antibiotics.

Patient's routine ;

- In November 2016, after stopping antibiotics intake, switched to taking sulfur Duck Soup medicine, bamboo salt garlic pill, bamboo salt egg copper capsule ;
- After 1 month of medication, the symptoms of pus are alleviated and showing great improvement.
- After 6 months of medication, the patient's condition improves and can be normal

## 6) Stage 2- 3 Gastric cancer (39 year old female)

- Yin, female, 39 years old.
- O-type blood, no history of cancer surgery or chemotherapy.
- *Our Lady of Seoul hospital diagnosed with 2nd to 3rd stage gastric cancer ;*
- Admitted to hospital on 23 April 2009 ;
- 15 months receiving treatment with sulfur Duck Soup, bamboo salt egg copper and bamboo salt, the body starts going back to normal

**MIRACLE CAPSULE**

## **7) Malignant brain tumor in(41-year-old male, case of treated at Insan korean tradional clinic )**

- Kang OO, brain tumor. 41-year old.
- O-type blood. Malignant brain tumor (glioblastoma )
- In February 2010, brain tumor was diagnosed and operated. The tumor was about 4mm long. The patient was hospitalized for cancer chemotherapy and could only eat by nasal feeding.
- Being the most serious brain tumor, the possibility of recurrence was 100%
- While taking the medicine for 9 months, he was hospitalized for gallstone, during which he stopped using sulfur duck soup and bamboo salt egg gal capsule
- Suspended decoction for economic reasons;
- the patient was worried about his physical condition, so he went back to Insan korean traditional clinic 7 months later and asked to continue taking the decoction.
- During this period Continued to take decoction, and actively cooperate with the treatment. The tumor mass in cerebellum did not grow.

## 8) Ovarian cancer, uterine cancer, bladder cancer (36 years old female) )

- Kim OO, 36 years old, Type A blood, female.
- Ovarian cancer was diagnosed in September 2008 at Suncheonhyang University Hospital, Korea ;
- Surgery, ovariectomy( fallopian tubes and ovaries were removed) was performed and chemotherapy taken 4 times ;
- Cancer metastasis was found to have spread on a second examination, thus abandoning chemotherapy. ;
- On January 6, 2009 began treatment at Insan korean traditional clinic, taking sulfur Duck Soup, bamboo salt sauce 'Sarijang' sauce, bamboo salt egg copper capsule, etc.;
- At first, the leg and instep have red spots, and the symptoms gradually disappeared after taking the medicine ;
- The patient is also suffering from migraine and improved after medication ;
- After 10 months of continuous medication, the above symptoms all improved and the patient returned to normal life ;

**MIRACLE CAPSULE**

**9) A case of 59-year-old woman who had thyroid cancer and skin disease but did not have thyroid cancer surgery and treated with Bamboo salt Chalcanthite and Sulfur-Duck Soup.**

- 20130914 KimOO Female Blood type B 59-year-old Thyroid Cancer 1.5cm 2 months before taking skin medicine / past uterine myoma surgery Hemorrhoid surgery / 2 months after taking skin medicine
- Sulfur-Duck Soup, Bamboo salt Chalcanthite

**10) 65-year-old man with skin psoriasis and gastric cancer. Skin psoriasis improved with the treatment of Bamboo salt Chalcanthite.**

- 20131119 Seo OO, 65 years old, blood type A, male
- Skin psoriasis, Gastric cancer diagnosed after 5 years of dermatological hospital medicine since 1997 / Gastric cancer surgery in August 2005 / Current skin psoriasis bleeds from head to body / Hypotension / Past pulmonary tuberculosis / Osteoporosis / Sulfur-Duck Soup, Bamboo salt Chalcanthite 4

**11) 10-year-old girl has severe atopic dermatitis but improves after taking Bamboo salt Chalcanthite.**

- 090109 ChoiOO, Female, 10 years old, Blood O type, Atopy Itching all over. Sulfur-Duck Soup, Bamboo salt Chalcanthite 1
- 090314 Sulfur-Duck Soup, Bamboo salt Chalcanthite 1, Sajangjang 2. Itchy and erythema all over the body.
- 091023 She is much better now and still has an atopy and itchy arms and legs

**12) 43-year-old, man, suffered from severe skin irritation due to herpes zoster, but improved with eating Bamboo salt Chalcanthite.**

- 20131209 LeeOO, 43-year-old male, blood type A, shingles, skin on the back of the lower back side. Sulfur-Duck Soup, Bamboo salt Chalcanthite 1

**MIRACLE CAPSULE**

## Insan Bamboo Salt 9x Purple

240 g

Name of Product : 9x Insan Purple Bamboo Salt  
 Form : Powder, Solid(particle)  
 Raw Material and Content : Nine times Bamboo Salt 100%  
 Pattern : Burning • Melting Salt

Bamboo Salt of Insan county which is family head originated by Dr. Insan, inventor of bamboo salt and founder of cancer research in oriental medicine, has been manufactured as family business by his third daughter-in-law, PhD of oriental medicine, Euna Choi.

Complete natural Insan Bamboo Salt with best effect in the world has been supplied worldwide as proud medical salt which may contribute to the health of human being

### Characteristics of the product

As toxicity of salt in bamboo salt has been removed and its medical properties has been increased by synthesizing natural available matter of bamboo and pine tree, it has better effectiveness than one of solar salt in every fields of research.

60 g

Volume

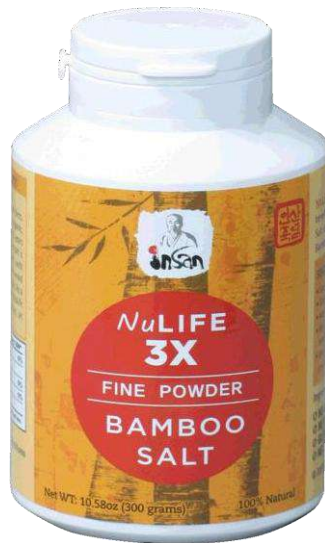

1 kg

250 g

300 g

Insan 3times living bamboo salt

Granular type

We baked salt three times to make valuable bamboo salt which would be good to be used for cooking, gimchi-making and soy sauce/paste making. Moreover, it is good to be used for skin care, washing face, foot bath and bath.

If you use this "living bamboo salt" baked three times, all the foods would become more delicious and even though you take the salt too much, it will not make you lap water.

Name of Product : Insan 3 times Bamboo Salt  
Raw Material and Content : 3 times Bamboo Salt 100%  
Pattern : Burning • Melting Salt

Anti-cancer effect of garlic is being certified by experiment of foreign medical scientists. However, it is a part but garlic has many mysterious effects.

From old times, garlic has been known to have excellent effectiveness of sterilization, insecticide and granulating. Ingredient of garlic juice like stickiness and clinginess is assembly of nutrition to help hardness of bone through its platinum character.

There are three clean waters to be blood, to be flesh and to be bone in garlic. Garlic has mysterious capability which can renew rotting blood, flesh and bone and granulate as well as create new blood and bone. Hot character of garlic is gas without heavy metal. If gas of garlic is removed by boiling or baking, pollution must be gone out. **Baked garlic would be best food, if you eat it with bamboo salt or Sarijang.**

But be warned, garlic cultivated in rice paddy should not be used for medicines due to agricultural chemicals accumulated in the paddy. A few pieces of them may be used for seasoning but as mentioned, for the drugs, many parts should be used resulting in damage of chemicals. Garlic cultivated in the field is mysterious food.

Name of Product : Garlic Pills | Capacity : 250ml  
Raw Material and Contents : Garlic cultivated in the field, bamboo salt  
Pattern : Other processed goods

## 9x Bamboo Salt Garlic Pills

## Insan Bamboo salt Toothpaste

Bamboo salt has been known to have function of treating quickly gum infection and gum disease. Bamboo salt toothpaste developed by using bamboo salt can serve great help to strengthen tooth as well as prevent gum infection, gum disease, periodontal disease, ulitis, periodontitis(pyorrhea alveolaris) tooth decay and remove halitosis and dental plaque(anti plaque).

Name of Product : Bamboo salt toothpaste | Capacity : 160g  
Raw Material and Contents : Bamboo salt, tooth paste ingredients

## Insan Bamboo Salt Soap

**Exquisitely synthesized with the 9th INSAN bamboo salt made from domestic bamboo pine loess!!**

**Capacity: 100 g**

**Raw material and content: Bamboo salt, soap ingredient**

**product type: soap**

Bamboo salt is known to be very effective in improving oily skin or acne skin due to its excellent anti-inflammatory and sterilizing effects. The INSAN soap using this excludes chemical ingredients, so it is not irritating to the skin and has excellent moisturizing power without pulling after washing your face. It is also effective in cleaning power and exfoliation because various natural powders such as bamboo salt, root skin, and ocher work fine to remove dead skin cells, and penetrate well into pores, making it excellent for cleaning power, sebum removal, and exfoliation. In this respect, it can be expected to have a good effect on troubled skin.

# Insan Bamboo Salt Soap

## **mild natural soap**

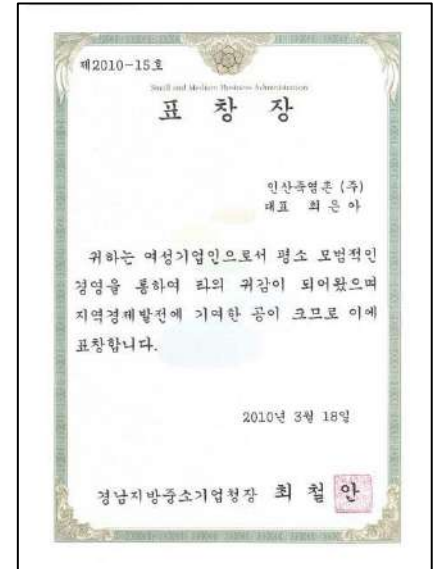

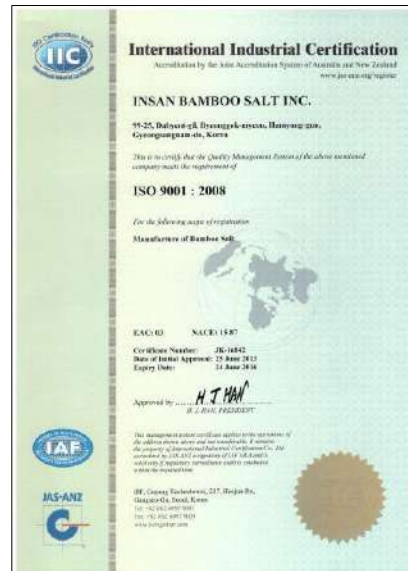

It can be used by the whole family who have used natural cleaning ingredients that are gentle on the skin.

## **Cleansing & Balancing Effect**

The bamboo salt ingredient, which is set to 0.9% skin-friendly salinity, cleans waste cleanly and maintains the balance of the skin to care for solid and clear skin.
